DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

Group I. Claims 1-2, 4-6, 12-14, 20, 22-23, 25-26, 28, 30, 33.

Group II. Claims 8-10, 16-18, 27, 29.

The inventions are distinct, each from the other because of the following reason:

2. Inventions I and II are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the subcombination has separate utility such as searching for a subscriber database of the private mobile communication system to determine whether the mobile communication terminal is registered or not, and performing a location registration of the mobile communication terminal according to registration result information of the mobile communication terminal.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined.
